### **FORMER REALITY TV SHOW PRODUCER LAUNCHES 2<sup>ND</sup> BOOK IN “REEL” SERIES – REEL HOLLYWOOD**

*Fictional producer Victoria Sharpe is back by popular demand in a hilarious new adventure filled with more tricks of the reality television trade*

After the successful launch of her first book, *Reel Sharpe*, Jenna Baker serves up the next installment in the series, *Reel Hollywood*. The former reality television producer delivers a mix of comedy, romance and detective work that will keep readers guessing until the end. This time Sharpe is paired with a cop who is more interested in stardom than his day job. His eagerness to bend the truth leaves Sharpe wondering which side of the law he is on. Together they land a once-in-a-lifetime case, investigating the murder of a Hollywood starlet with an extremely famous father.

While Baker’s first book focused on LA’s proximity to Mexico, *Reel Hollywood* sets its sights on La La Land itself and the array of characters found within it. Baker, a New York native, recalls her time living in L.A. fondly, marveling at both the absurdity and the geniality of the town. Baker notes, “The line between what was real and what was entertainment was constantly blurred which created a reality unlike any other.”

Baker brings her hands-on producing experience to life, while keeping readers engaged and asking for more. Whether you are a fan of reality TV or not, *Reel Hollywood* packs a punch of mystery, romance and laugh-out-loud moments.

Baker writes, “I wanted to write the type of books that I loved reading. At its core, *Reel Hollywood* is a romantic comedy that happens to take place in the reality television world.”

Jenna Baker has worked on numerous reality television shows over the years. While she stepped away from show business several years ago, she still remembers the experience well. Baker started her career as an assistant on “Temptation Island” and her career took flight from there. You can read more at [www.reelsharpe.com](http://www.reelsharpe.com).
